

**3** Cells undergo cell division.

(a) The diagrams show cells from a plant.

The cells are in different stages of division.

These cells do not show the correct order for the process of division by mitosis.

Which of the following shows the correct order for the process of division by mitosis?

(1)

	1st	2nd	3rd	4th	5th
<input checked="" type="checkbox"/> <b>A</b>	A	E	B	D	C
<input checked="" type="checkbox"/> <b>B</b>	A	D	C	E	B
<input checked="" type="checkbox"/> <b>C</b>	C	D	B	E	A
<input checked="" type="checkbox"/> <b>D</b>	C	B	E	D	A
